

# EXCISE TAX IN IRELAND

---

Ireland's **excise tax** is the **second highest** in the EU.

**That means that in Ireland:**

We pay **80c** excise tax on a glass of wine, this figure is 1c in France.

We pay **10 times more excise tax** on a pint of Irish-brewed beer than they do in Germany

We pay **€11.92** in excise tax on a bottle of **Irish whiskey**, this figure is €2.90 in Italy.
